**Re: Replacement of Roadway Culvert on TH-12 (Old Jerusalem Rd) in Leicester  
BO 1445 (37)**

An Alternatives Presentation Meeting on the project listed above will be held on Monday, July 16, 2018 at the Leicester Town Office located at 44 Schoolhouse Road in Leicester, Vermont. This will occur at a regularly scheduled Select Board meeting and is on the agenda for 7 pm. The meeting will be held by the Vermont Agency of Transportation (VTrans) and the Town of Leicester.

The preferred alternative includes the replacement of the existing corrugated metal arch culvert and concrete slab with a new buried structure. The intent is to close Old Jerusalem Road for up to 3 weeks during the work, which is scheduled to occur in 2021.

The intent of the meeting is to provide an overview of this project to the Town Officials, residents, businesses, emergency services and other interested parties. The presentation will include a review of the existing site conditions, proposed work, maintenance of traffic, and overall schedule followed by a question and answer period. Representatives from VTrans will be available at the meeting to hear public concerns about the projects.

You have been identified as a person or entity that may have an interest in this project. It is currently in the project definition phase, an early stage of development. I encourage your attendance at this meeting. If you are the coordinator or administrator for a board or group, please pass this information on to the appropriate people.

A copy of the Scoping Report for this project may be seen at the office of the Town Clerk in Leicester, Vermont, after June 22 or at the Structures Section of the Agency of Transportation's office in Montpelier, Vermont. An electronic copy is also available online at:

<https://outside.vermont.gov/agency/vtrans/external/Projects/Structures/>. The project name is 12j636.

Project factsheet have been included for your information.

If you have any questions, comments or concerns please feel free to contact me at the above address or by email at [gary.sweeny@vermont.gov](mailto:gary.sweeny@vermont.gov).

I look forward to seeing you,

Gary Sweeny, P.E.  
Structures Project Engineer
